

Take a Spirit Journeyto the heart of the country

In 2017, Alice Springs Uniting Church will again be hosting our popular “Desert Intensive” and “Spirit Journey” cultural exchange program.

The **Desert intensive program** is a 2 night learning and reflection experience in the heart of Alice Springs. The program includes opportunities to learn about language, culture, land and spirituality from local Aboriginal elders and participate in workshops and reflection sessions on desert spirituality and social change.

The **Spirit Journey** is a 4 night 4WD desert journey led by John Cavanagh, an Eastern Arrernte elder and traditional healer, traveling across his ancestral lands. We will travel in a small convoy of 4WD's meandering through breathtaking East McDonnell Ranges and stopping to experience the deep tranquility and spiritual connections that this remarkable country offers all Australians. John will open the country to us, sharing stories of both the Dreaming and of his families experience growing up and working on land that has been incorporated into settler Australia but which remains Aboriginal. We will sit under the stars, camp in creek beds and around the campfire share our stories and reflect on our experiences. Together we will experience the gift that this land presents to us and find a new sense of community as we travel its ancient paths.
